

The DVD Spiritual Care in Confusion is available from the Pastoral Care Project office. Please send a cheque for £15.00 which includes postage & packing. Workshop material is available from the Project on request.

From reviews of this DVD

This DVD gives a very helpful insight into the vital ministry of spiritual care with those in confusion of many kinds. It is an example of a whole ministry working in partnership with diverse agencies to meet the need with gentleness.

**Canon Edward Pogmore -
Senior Chaplain to George Eliot Hospital NHS Trust**

The gentle sharing with those in need in the autumn of their lives releases boundless resources of goodness and mercy and the healing peace of God. I warmly welcome this venture and gladly lift it up to the Lord in prayer and thanksgiving.

**Dennis Wrigley -
Leader and Co-Founder of the Maranatha Community**

All the talks are reflective, insightful and refreshingly interesting. An excellent starting point for further exploration about the theory and practice of spiritual care.

**Rev James Woodward -
Director of the Leveson Centre**

'Spiritual Care in Confusion' is an excellent teaching resource that can help to raise general awareness and stimulate understanding and support for those with dementia and their carers.

**Albert Jewell -
Methodists Home for the Aged (retired)**

Myself and four senior care workers undertook a training programme with Frances looking at spiritual care in confusion. We all found it very helpful and I am arranging another course to enable more staff to attend. We feel that this will enhance the care we offer and improve the quality of life of our residents.

**Maggie Bailey R.M.N. R.G.N. -
Manager of Cow Lees Nursing Home, Astley Lane,
Bedworth, Warwickshire CV10 9SD**
